OWNERS PROTEST.

Claim Price Set on Cape Henry Property Is Too Low.

Norfolk, Va., March 28.—Owners of property at Cape Henry required by the United States for coast defense purposes, to-day filed a motion before Federal Judge Waddill here, to set aside the verdict of the jury in condemnation proceedings yesterday, by which the land was valued at \$189,194. The owners based their motion for a new hearing on the claim that the figures set by the jury were less than that at which the property was valued by witnesses for the government. This contention was resisted by attorneys representing the United States. The persons owning the site value it at \$322,000. Judge Waddill postponed action until a later date. The projected fortifications at Cape Henry are designed to protect Washington, Baltimore, Richmond, Norfolk, Annapolis and other important points from attack by foreign war vessels.

Waverly—Jerman. (Special to The Times-Dispatch.) Fredericksburg, Va., March 28.—William Y. Weaver, formerly of Culpeper County, now of Toronto, O., and Miss Maude M. Jarman, of Petersburg, Va., were married a few days ago, Rev. H. B. Strop performing the ceremony.

POOLING CLAUSE
IS STRICKEN OUT

Senate Then Repasses Bill Regulating Trading in Cotton Futures.

NO OBJECTION IS OFFERED

Adoption of Measure Result of Years of Work by Senator Smith, of South Carolina.

Washington, March 28.—After striking out the amendment legalizing pooling, the Senate to-day repassed the bill regulating trading in cotton futures.

Reconsideration of the bill was brought about by the stand of Senator Kenyon, who stated last night after the measure was passed, that he did not understand it included the pooling amendment. Mr. Kenyon was an assistant Federal attorney in charge of the prosecution against James A. Patten and his associates in their cotton transactions of 1910.

After Senator Kenyon called up his motion for reconsideration of the bill to-day, he offered to withdraw it upon the assurance of Senator Smith, of South Carolina, that the pooling amendment would be eliminated in the House. Senator Borah, however, contended that the Senate should strike out the amendment, and Mr. Smith, declaring the pooling clause was not pertinent to the body of the bill, asked for reconsideration, and moved to strike out the objectionable feature. This done, the altered measure was passed by unanimous consent.

Senator Hoke Smith, of Georgia, who introduced the amendment, offered no objection.

Senator Kenyon stated the amendment, in his opinion, legalized pooling, and legalized what the Supreme Court condemned as violative of the Sherman antitrust law in the Patten case. Passage of the bill was the sequel to years of endeavor on the part of Senator Smith, of South Carolina. It provides that no person connected with an exchange shall send through the mails matter promoting enforcement of future delivery contracts, unless the exchange requires all such transactions to comply with certain conditions, among them that contracts must provide for delivery with Department of Agriculture standards.

It would require exchanges to impose the condition in future transactions that if the cotton sold is middling or basic grade, and the delivery is of other grades, then the commercial difference in value must be paid. The New York exchange has in force a fixed difference in value of grades.

ference in value must be paid. The New York exchange has in force a fixed difference in value of grades.

Friends of the cotton futures bill, repassed by the Senate to-day with the amendment legalizing cotton pools struck out, predicted to-night it would pass the House before adjournment. Its course in the House had been smooth. It was claimed, by the action of the Senate in striking out the pooling agreement clause on request of Senator Smith, of South Carolina, author of the original measure.

Senator Smith to-day said he would seek in the agricultural appropriation bill to obtain \$100,000 to place on every primary market in the South samples of the government grades established by the bill, and also samples of yarn spun from various grades.

Marshall Desperately Ill. (Special to The Times-Dispatch.) Hampton, Va., March 28.—Colonel Richard Coke Marshall, Sr., common-

wealth's attorney of Norfolk County, and widely known in Virginia politics, died at the home of his son, Captain Richard C. Marshall, Jr., at Fort Monroe. It was said to-night at Fort Marshall, of Richmond, arrived here to-day to be with his father.

WANT THEIR CASES REOPENED

Convicted Gunmen Accuse Others of Rosenthal Murder. New York, March 28.—Louis Rosenberg, "Lefty Louis," Frank Clifford, "Biggie Frank," Jacob Seldener, "Whitney Lewis," and Harry Horowitz, alias "Gyp," who were convicted of the murder of Herman Rosenthal, and awaiting death in the electric chair at Sing Sing prison, issued another statement to-night, in which the claim is made that a stranger and Harry Mallon and Bridget Weber shot Rosenthal. The statement is a reply to a recent denial by Weber that he had been a party to the crime, and that he did not know the stranger who said to have done the shooting.

INSPECTING SATURN'S MOONS.

Astronomer Claims They Move From East to West. Pittsburgh, Pa., March 28.—In an effort to verify the claims of J. H. Wayman, a local astronomer, that the moons surrounding the planet Saturn move from east to west instead of from west to east, as is popularly supposed, Director Frank Schlesinger, of the Allegheny Observatory here, is making observations of Saturn and its moons. Wayman claims that with a five-inch telescope and an erecting eyepiece he has found that Titan, one of Saturn's moons, travels with a retrograde motion. He says the other moons revolve similarly on their orbits. Director Schlesinger was so impressed with Wayman's claims that he is making thorough observations with the thirteen-inch telescope in the Allegheny Observatory. He will announce his findings in a few days.

IS CHAMPION PARENT.

Berlin, March 28.—Ferdinand Eglin-ski, aged fifty-three, a tailor of Ahlbeck, is Germany's champion father. The Tageblatt, which publishes his story, says that of his successive marriages with two sisters, thirty-five children were born, twenty-six of whom are still living—nineteen boys and seven girls.

The tailor married at the age of twenty. His first wife, who died in 1867, bore him twenty-four children. In 1868 he married his deceased wife's sister, who has borne him eleven children in the last six years. Triplets came on one occasion, and twins were born twice.

When his sixth son entered the army in 1912, the knight received a private audience with the Kaiser who ordered him entertained in Berlin at His Majesty's expense for a week.

Eglin-ski has become a celebrity and adds handsomely to his income as a tailor by selling picture post cards of himself.

ACQUITTAL RECOMMENDED. (Special to The Times-Dispatch.) New London, March 28.—According to soldiers at Port Terry, the equal of Major Benjamin M. Koehler has been recommended by the court-martial before which the major has been tried on charges of conduct unbecoming an officer.

It is also reported that Secretary of War Garrison has ordered the court-martial of four commissioned and four non-commissioned officers and several privates on the charge that they "framed up" the accusations against Major Koehler.

TAX COMMISSION
NOT YET NAMED

Appointing Powers Hold Conference and Adjourn to Meet Again on Saturday.

The personnel of the State tax commission will not be made public until Saturday, according to an announcement yesterday by Lieutenant-Governor J. Taylor Elyson, accredited spokesman for the appointing powers. Governor Stuart, Mr. Elyson and Speaker Cox held an extended conference yesterday morning in the Governor's office, going over the names of possible appointees without coming to any final determination. They will hold a further conference on Saturday.

Under the terms of the tax commission bill the Governor names three members at large, the Lieutenant-Governor appoints three members of the State Senate, and the Speaker of the House appoints four members of the House of Delegates, making a commission of ten members. The Governor, Lieutenant-Governor and Speaker have formed themselves into a sort of "organization committee," and have held frequent conferences as to the appointments. It is regarded as desirable that the various sections of the State be represented. Therefore if Mr. Elyson has in mind a Senator from some particular locality, who he considers peculiarly fitted for service on the commission, the Governor and Speaker will look elsewhere for their appointees as far as practicable, and vice versa.

It was agreed at yesterday's conference that all inquiries as to appointments and as to the personnel of the commission should be referred to Mr. Elyson. Governor Stuart later told the newspaper men that Mr. Elyson was the "publicity agent" for the organization committee, and that all inquiries in regard to the tax commission must come from him.

WILSON TO BE INVITED

Jacksonville, Fla., March 28.—Announcement was made here to-night by committees in charge that President Wilson would be invited to attend the annual reunion of the United Confederate Veterans here May 8, 7 and 8. State officials will co-operate with the local committees in urging the President to attend.

TO DARKEN HAIR
APPLY SAGE TEA

A few applications of Sage Tea and Sulphur brings back its vigor, color, gloss and thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and lustrous, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of mess.

While wispy, gray, faded hair is not what we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You smooth this mixture over your hair with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and lustrous.

News of Petersburg

The Times-Dispatch Bureau,
5 Hollingsbrook Street,
(Phone 1485)

Petersburg, Va., March 28, 1914.

Chief of Police Ragland to-day received a letter from the Commonwealth's attorney of Durham, N. C., enclosing a warrant for the arrest of Jesse Oakley, a white man, on the charge of bigamy, and asking that the arrest be made. Within thirty minutes Oakley was located at work at the cigarette factory of the American Tobacco Company and taken into custody by Detective Eanes. It is charged that in 1913 Oakley deserted his wife and children and, without having obtained a divorce, married a Miss Nellie Gregory, with whom he has been living for some time in Petersburg. He will be held for the Durham authorities. Oakley makes no statement, except to admit the truth of the charge.

Sudden Death of a Woman.

Alice Wood, a white woman, was stricken with paralysis about midnight last night. The stroke was so severe as to result in death within an hour or two.

Normal and Industrial Institute.

Because of extensive improvements to be made this year at the Virginia Normal and Industrial Institute, the usual normal school will not be held there this summer. It was not for lack of funds, as has been reported, that the normal is to be dispensed with this year, but solely because of the building operations that have been planned, which would interfere with the normal.

Death in Dinwiddie.

Miss Marion Bollesau, widely esteemed and connected, died yesterday morning at her home in Dinwiddie County, about twelve miles from Petersburg. The funeral took place this afternoon, with the burial in the family cemetery. She is survived by three brothers: Samuel G. Thomas II, and J. Holt Bollesau, and two sisters, Miss Rosa Bollesau and Mrs. Ragland, all of Dinwiddie.

Lecture on Stonewall Jackson.

The Rev. James Power Smith, D. D., president of the Stonewall Jackson Monument Association, will deliver his lecture on the great Confederate leader in A. P. Hill Camp Hall on Tuesday night, before the Confederate organizations and the public of Petersburg. Dr. Smith probably will outline the plans for the proposed memorial to Stonewall Jackson, for which the people of Virginia are asked to make contributions on the first day of May.

Active Tobacco Market.

The tobacco market was active for all grades this week, with sales of 113,190 pounds of dark tobacco at the following prices: lugs, \$4.50 to \$5.25; smooth lugs, \$5.50 to \$10.00; short leaf, \$5 to \$10; shipping leaf, \$11 to \$14.00; wrappers, \$15 to \$25.

His Relatives Killed.

Stel Casken, a Greek, employed at the Petersburg Restaurant, on Sycamore Street, is in receipt of a letter bringing painful intelligence to him. The letter gives details of a recent massacre by the Turks of the inhabitants of the Greek village of Zuluf, in the district of Adrianople, in which almost 1,200 people, men, women and children, were brutally murdered. Among the slain were seventeen members and many relatives of the Casken family. Sisters, uncles, aunts, nieces and nephews. Some of the slain were cut to pieces.

The letter states that the Turkish soldiers killed the village church with straw and set it on fire. As the people ran from their homes to the fire they were shot down. The Greek Mayor of the village was cut to pieces, and his wife and daughter carried off to the woods, from which they never returned.

For a Greater Chamber.

The several committees appointed to canvass the city in the interest of a greater Chamber of Commerce will begin their work on Monday. It is designed to increase the membership of chamber, to bring into it every business and professional man in the community, and to secure general and active co-operation with and interest in the great plans which the chamber has mapped out towards the development of the city. And the movement will be a success.

General News Notes.

Charles F. Shortt, the new postmaster of Ettrick, will assume charge of the office about April 1. S. H. Nugent, the retiring postmaster, has held the office for sixteen years. He is a Confederate veteran, and was barred from service examination by reason of the age limit.

The first anniversary of the new Memorial Methodist Episcopal Church will be appropriately observed at the

morning and evening services to-morrow. The Woodmen of the World of Ettrick, will worship in the Baptist Church of the village to-morrow morning. The sermon will be preached by the pastor, the Rev. E. C. Primm. Mr. and Mrs. Thomas L. Spence, of Thionville, Ga., announced the engagement of their daughter, Marion, to Robert Rufus Rainey, of Petersburg, the marriage to take place in June.
